

Scope of the meeting

This informal symposium was originally designed to be internal to IBS, but we thought it would be a good idea to extend it to the other Grenoble laboratories. It is intended to gather people using standard or advanced fluorescence-based techniques and to better know who does what in the Grenoble community, so as to promote exchanges and potential collaborations.

List of speakers

(Titles of presentations will be available soon)

Dimitrios Skoufias (IBS)

Joanna Timmins (IBS)

Jean-Philippe Kleman (IBS)

Virgile Adam (IBS)

Céline Lafaye (IBS)

Cécile Morlot (IBS)

Antoine Delon (Liphy)

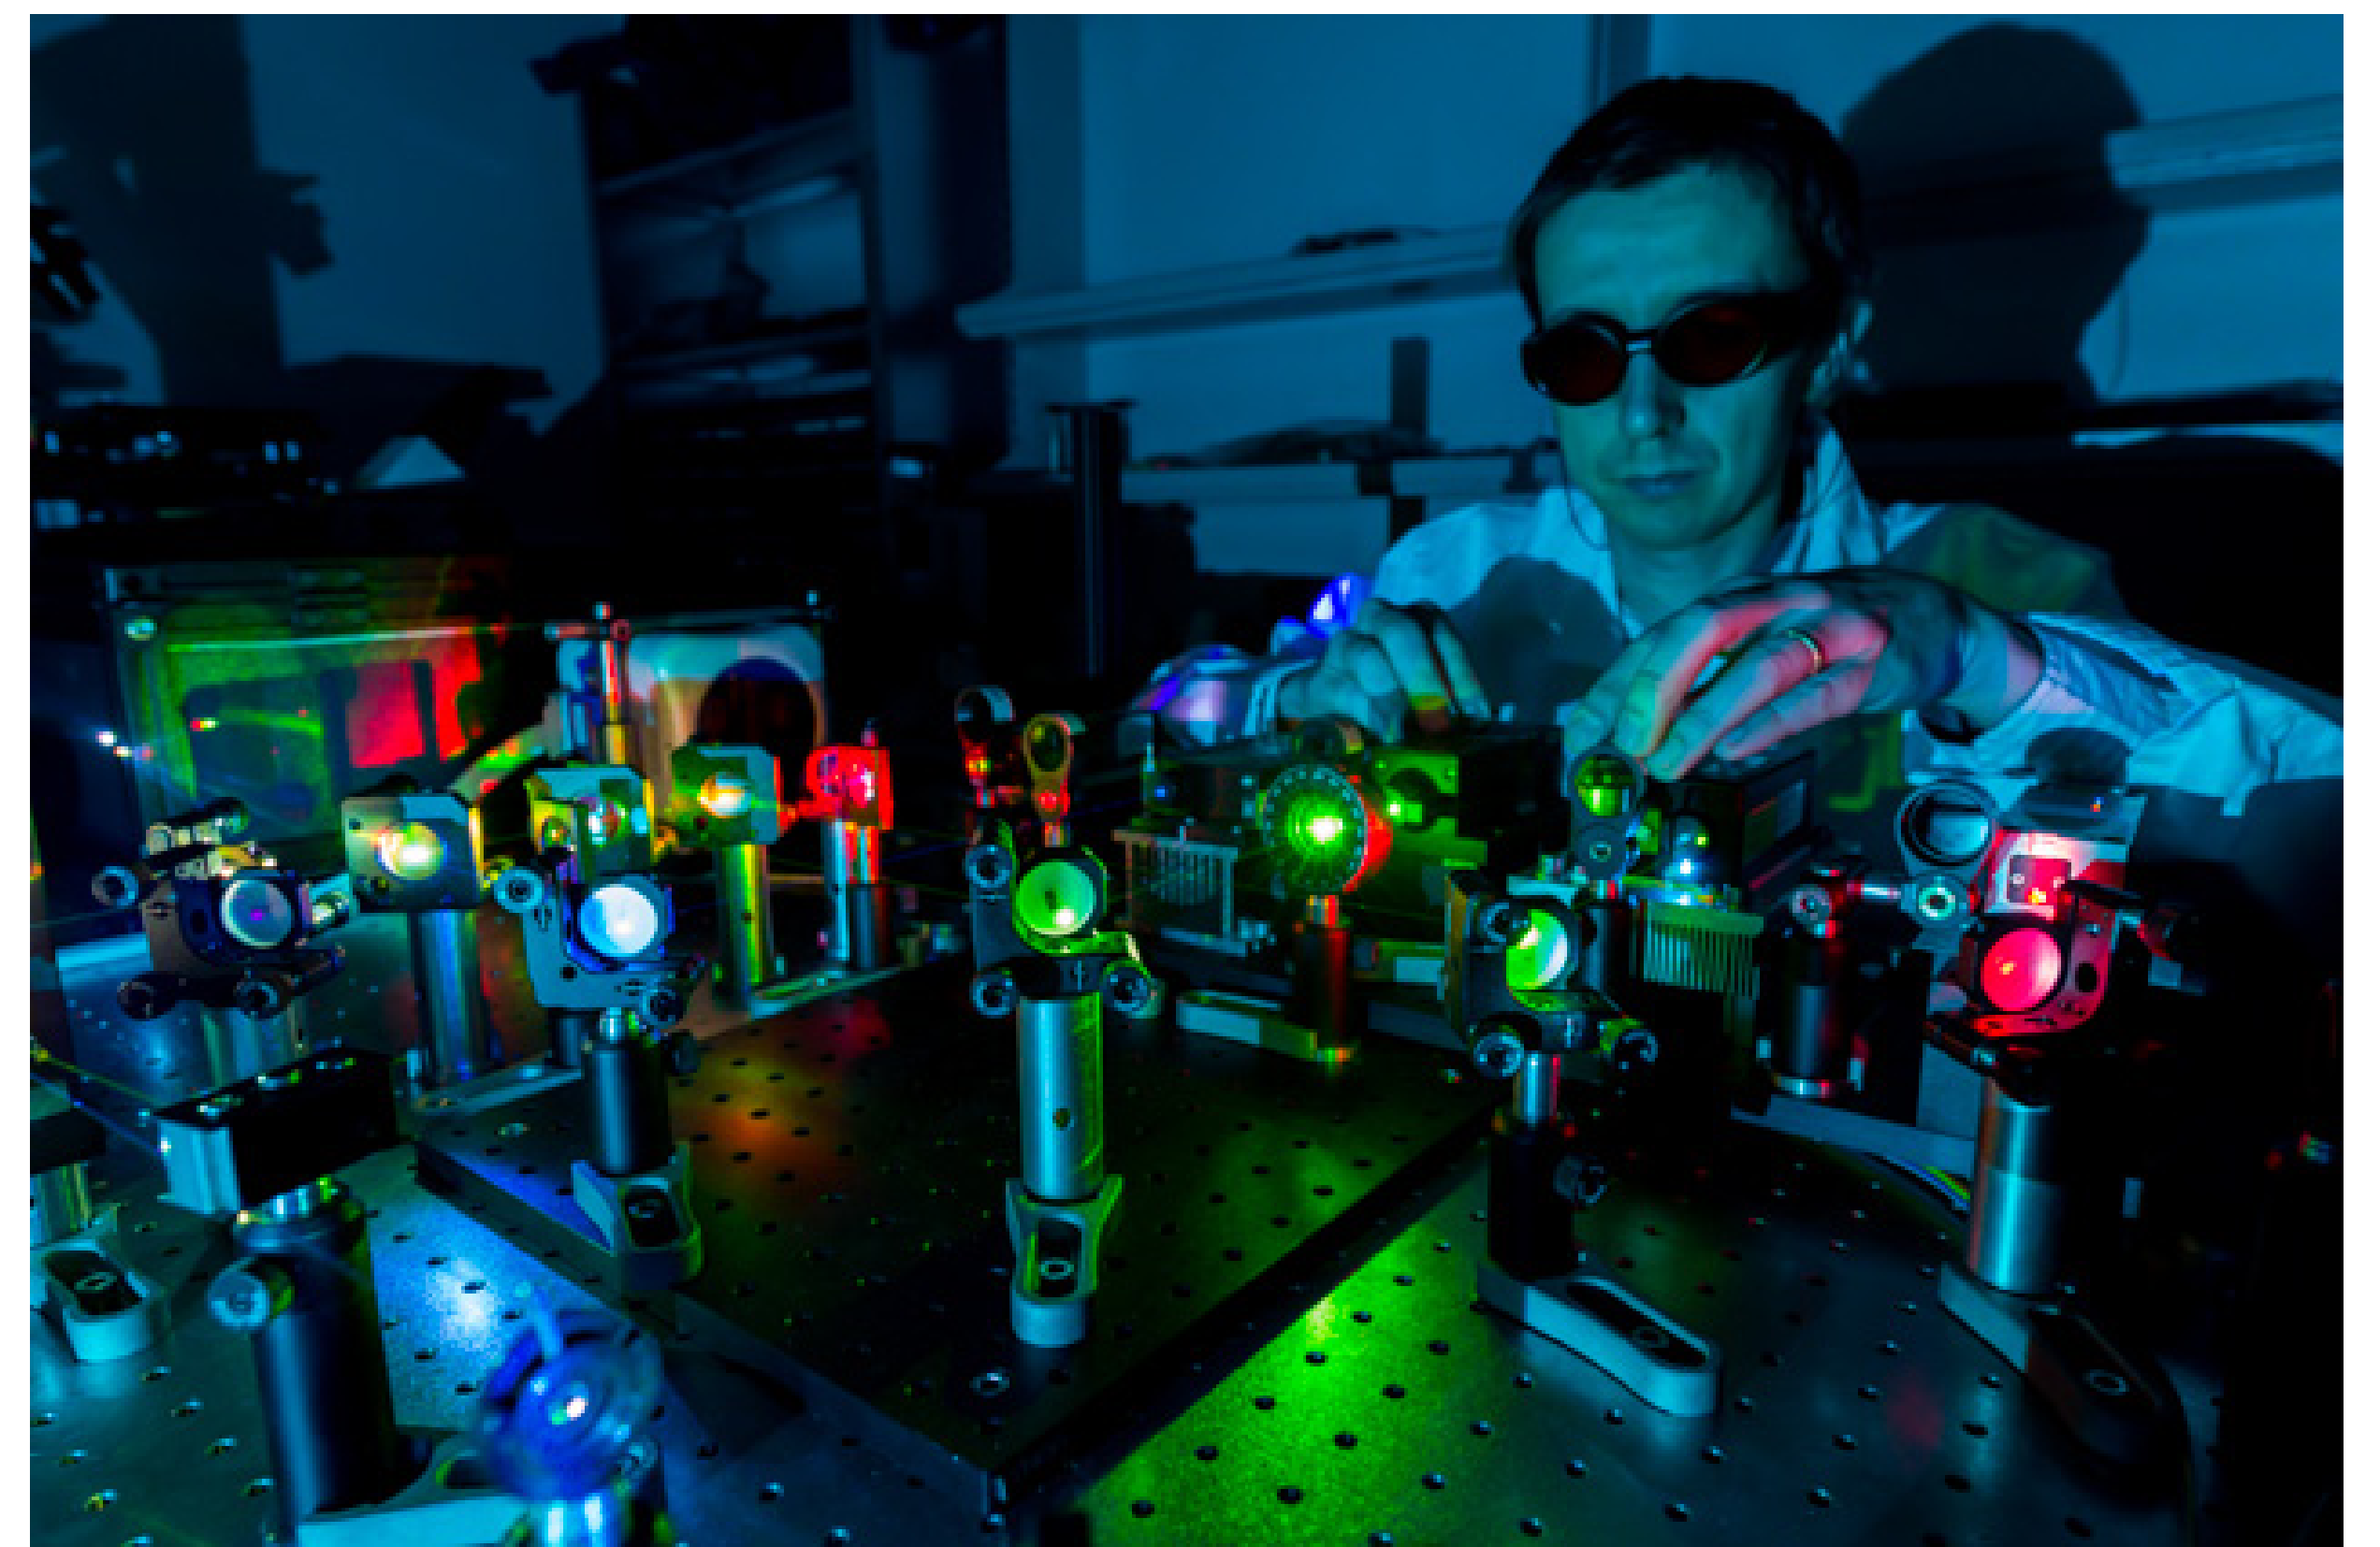

Alexei Grichine (IAB)

Olivier Destaing (IAB)

Philippe Huber / David Liebl (iRTSV)

Alain Buisson (GIN)

Ramesh Pillai (EMBL)
