

Streptomyces venezuelae RsrR

Volbeda A, Martinez MTP, Crack JC, Amara P, Gigarel O, Munnoch JT, Hutchins MI, Darnault C, Le Brun NE and Fontecilla-Camps JC. Crystal structure of the transcription regulator RsrR reveals a [2Fe-2S] cluster coordinated by Cys, Glu, and His residues. *Journal of the American Chemical Society* (2019) **141**, 2367-2375.
